Abs-Track Member User Guide

For active clients with a published plan

Persona: Current member (dev: Member — Demo (Hetal plans) on /login)
Base URL: http://localhost:3010
Generated: 7/26/2026

1. Sign in

Steps:

1. Open http://localhost:3010/login
2. Local dev: click Member — Demo (Hetal plans) or another member persona
3. Production: Continue with Google (any email not in COACH_EMAILS)
4. You land on your dashboard at /member

Links:

- Sign in
  http://localhost:3010/login
- Dashboard
  http://localhost:3010/member

2. Dashboard

Your home screen shows streak, weekly compliance, step goal, program phase strip, and optional note from Coach Helna.

When Helna has not posted a note, no empty placeholder is shown.

Streak milestones (7 and 30 days) show a brief CSS toast with Helna's message.

Steps:

1. Open Dashboard (bottom nav)
2. Review program phase strip and coach note (if present)
3. Review streak and compliance
4. Tap Submit Today's Check-In for daily logging
5. Tap Start workout or View full plan for details

Links:

- Dashboard
  http://localhost:3010/member

3. Daily check-in

Send weight, sleep, energy, soreness, and an optional meal photo to your coach.

Optionally add the meal to your food diary from the check-in flow.

AI may auto-approve high-confidence meals; others go to coach review.

Steps:

1. Open Check-in from dashboard button or bottom nav
2. Tap to attach a meal photo (camera or gallery)
3. Enter weight (kg) and sleep (hours)
4. Adjust energy and soreness sliders
5. Optional: check Add to food diary
6. Tap Send to Coach Helna

Links:

- Check-in
  http://localhost:3010/member/check-in

4. Workouts

Today's session from your coach's published training plan, with exercise videos.

Set completion is saved — checkboxes persist when you return.

Steps:

1. Open Workouts in the bottom nav
2. Review today's label and sections (warmup, resistance, etc.)
3. Tap an exercise to play the YouTube demo
4. Check off sets as you complete them — progress is saved automatically

Links:

- Workouts
  http://localhost:3010/member/workouts

5. Nutrition & food diary

Weekly macro targets, attached coach content blocks, and a native Abs-Track food diary.

Log meals with + Add on each meal section — search foods, enter manually, or use barcode (stub in dev).

Running calorie and protein totals update as you log.

Steps:

1. Open Nutrition in the bottom nav
2. Review calorie and protein targets for your week
3. Tap + Add on Breakfast, Lunch, Dinner, or Snack
4. Search for a food or enter manually; save to update running totals
5. Read attached content sections (tips, guides) from your plan

Links:

- Nutrition
  http://localhost:3010/member/nutrition

6. Appointments

Book 30-minute slots with your coach. Choose one or more consecutive slots (30, 60, or 90 minutes).

After booking you receive email confirmation with an ICS calendar file and an Add to Google Calendar link.

Reschedule or cancel from the Appointments page. Join links appear for Google Meet, Zoom, or WhatsApp when configured.

Steps:

1. Open Appointments in the bottom nav
2. Pick an available day and time slot
3. Confirm booking — check email for calendar invite

Links:

- Appointments
  http://localhost:3010/member/appointments

7. Messages

Messaging with your coach.

Links:

- Messages
  http://localhost:3010/member/messages

8. Switch persona (local dev)

Steps:

1. Open /login?switch=1 to clear the current session
2. Choose Member — Demo, Hetal, Avinash, Shruti, or New (no plans)

Links:

- Switch persona
  http://localhost:3010/login?switch=1
